

# Helping Students Achieve

**ECS OUT OF SCHOOL TIME** After School Programs

# ECS Out of School Time (OST) is an after-hours, multi-campus school program helping students achieve and families thrive.

Each year, ECS OST provides more than 750 students with educational enrichment in a safe, constructive environment when school is out and caregivers are still at work. ECS runs one of the largest after-school programs in the region – currently active in seven schools.

Recognized as a leading and high-quality provider in Pennsylvania, ECS OST operates in neighborhoods where the impact is absolutely necessary. The program is free of charge. Families in ECS OST neighborhoods face chronic school underfunding, community safety concerns, housing and food insecurity, and high rates of unemployment. Providing high-quality after school education benefits students and their families immediately and plays a key role in ECS' overall mission to combat intergenerational poverty in Philadelphia.

## ▼ The Benefits of OST

Safety

---

Accelerated academic achievement

---

Social and emotional development

---

Year-round programming

State-standards aligned STEAM-focused curriculum

---

State-standards aligned financial literacy curriculum

"I love the program and everything that it has to offer. It is good to know that my children are in a safe and welcoming learning environment when the school day ends."

**Samirah**  
ECS OST Parent
